Earnings per share has been restated for the quarter ended 30th June, 2019 presented as per Ind AS-33, on account of reduction of share capital on 24th October, 2019 in the ratio of three equity shares for every ten equity shares held.

Notes to the financial results:

- The above results of the Company for quarter ended June 30, 2020 have been reviewed by the Audit Committee and taken on record by the Board of Directors at its meeting held on 29-07-2020.
- These financial results have been prepared in accordance with the Indian Accounting Standard (Ind-AS), the provision of the Companies Act, 2013 read with the relevant rules issued thereunder and guidelines issued by the Securities and Exchange Board of India.
- 10% Cumulative Redeemable Optionally Convertible Preference Shares (CRCPS) of Rs.10 each had been allotted by the Company in the year 2005. As per the terms of the arrangement these preference shares including unpaid dividend could be converted into ordinary equity shares of the Company of Rs 10 each at any time after 3 years from date of allotment or could be redeemed by the Company at par in three equal installments commencing from the end of 5th, 6th and 7th year from the date of allotment. On various occasions, the Company obtained extension of redemption. The last extension was obtained in F.Y. 2019-20 for the period of 1 year. In May 2020, another extension for 2 years was obtained, with all other terms remaining unaltered. Pursuant to the latest extension, these preference shares are liable to be redeemed by the Company in three equal installments commencing from the end of 17th, 18th and 19th year from the date of allotment [i.e., on 12.05.2022, 12.05.2023 and 12.05.2024], unless conversion option is exercised at an earlier date.
Till now, the preference shareholders have not exercised the conversion option, however, the same can be exercised by them any time before 12.05.2022. Therefore, treatment of 10% Cumulative Redeemable Optionally Convertible Preference Shares is taken as Equity and such Preference Shares have been shown as part of Equity (under Other Equity) and have not been categorized as Financial Liabilities. Further, the Company does not have the sufficient profits to declare dividend on preference shares. Dividend is appropriation of profit and, in case of loss nothing can be appropriated towards dividend. Therefore, no provision is made for unpaid dividend.
- The NCLT vide its order dated 16.09.2019 has approved the scheme for reduction of share capital of the Company. Consequently, the paid up capital of the company is reduced to 37,19,509 Equity Shares of Rs.10 and 15,40,800 Preference Shares of Rs.10 each.
- Figures of the previous quarters/year have been regrouped and reclassified wherever necessary to correspond with current year's presentation.
